HELLO! IT'S GREAT TO E-MEET YOU!

Thank you for taking the time to read through my press kit to get a better idea of how **Peter Mennie's CHOICES, CHANCES & CHICANERY Show** can help take your corporate or special event to the next level.

We've all been to meetings and events where the Host, Keynote Speaker, or worse yet, the Entertainment, has dragged on or worse - bombed. I understand how important it is to make sure you get a performer who can really connect with and impress your audience. He wants to make you look good, and get a accolades for a job well done! At the end of the day, not only should the show receive a standing ovation, but you should too, for being the one to find and book him! I want you to be 100% confident in your decision.

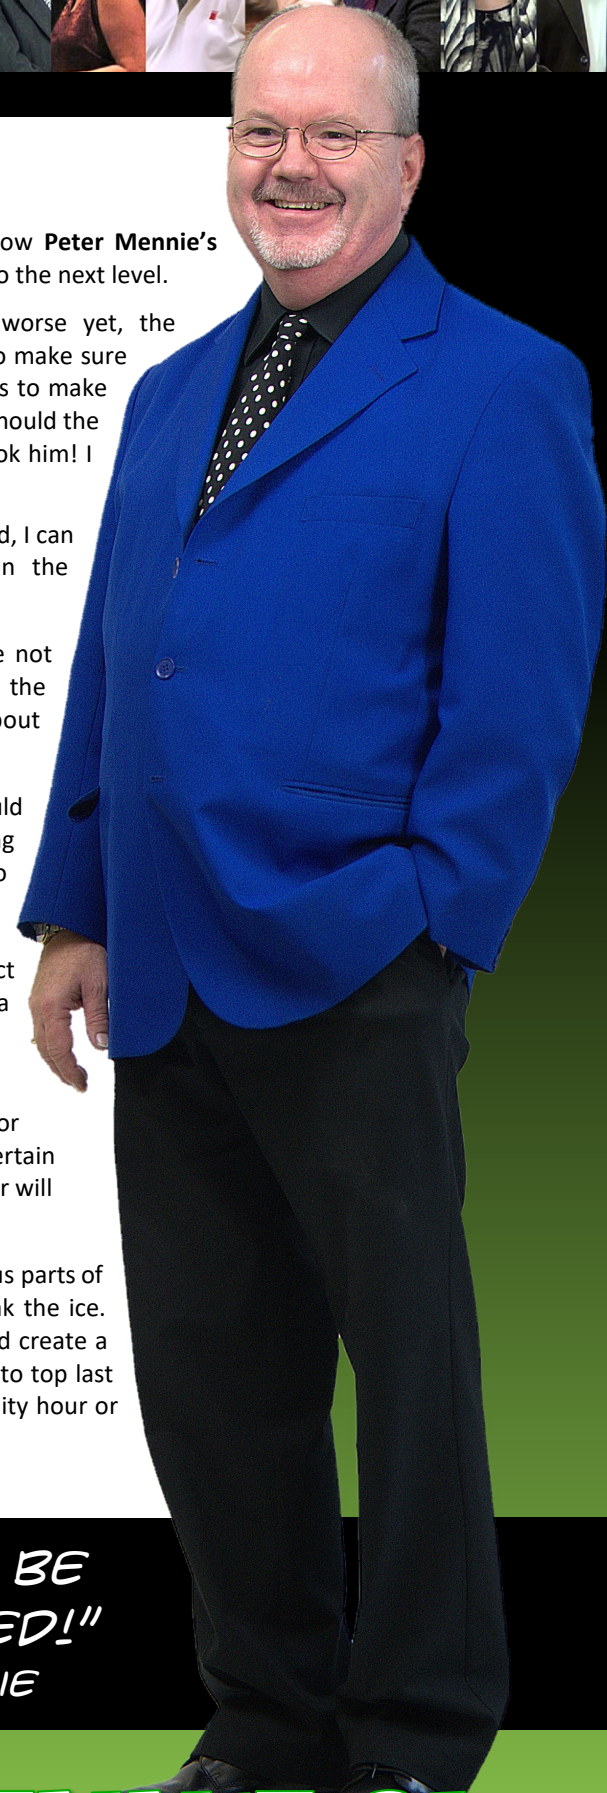

Having made a career for over thirty years performing at special events around the world, I can confidently say that my clients benefit from having my show at their event in the following ways:

#1 It's Memorable - The **C.C. & C. Show** has several routines and bits that are not performed by any other magician in the world. I just spoke with a previous client on the phone this morning - a major national festival - who said their people are still talking about my performance from 2 years ago! Why not make that kind of a lasting memory?

#2 It's Fun - There are many different kinds of entertainment that your company could spend their hard earned dollars on: music (which can be difficult to find something everyone likes), spectacle (like a cirque troupe dangling from the ceiling - interesting to see but not very personal) or a hypnotist (somewhat embarrassing and how many people really want to be their own entertainment). When it comes right down to it, people really just want to have fun. The **Peter Mennie C. C. & C. Show** is the perfect blend of comedy, illusion, interaction and music so that everyone has a blast, laughs a lot, is amazed and leaves with a smile on their face.

#3 100% Clean Comedy Magic - There is no such thing as a 'magician for all occasions' because you can't succeed if you don't specialize. I **specialize** in 'SFW' (Safe For Work) or 'FFFF' (Fun Family Friendly Fooling) comedy and magic, which means I can entertain your co-workers, colleagues, friends and their families because there has **never been** nor will there **ever be** any off-colour or questionable material in **any** of my shows.

#4 It Brings People Together - Special events bring people together from various parts of the company that don't normally interact and it can take quite '*tricky*' (sorry) to break the ice. There's nothing like shared laughter to bring the group together, break down walls and create a shared memory. I've heard it time and time again from my clients: "How are we going to top last year?" Let me help you. Whether it's for the stage or mingling throughout the hospitality hour or two, I look forward to working together to help make your event a great success!

#5 All Technical Support Equipment Is Supplied - To ensure that everything runs smoothly and for your piece of mind, I bring everything I need for a successful, fun evening. I provide full sound, backdrops and lighting support where necessary. Plus, I will coordinate with the venue staff so that the room is set up to the best advantage for our audience.

#6 Superior Organizational Skills - In addition to being a full time Entertainer, I'm also a Television Producer, Theatre Stage Manager, Road Manager, Technical Advisor, Sound Engineer, Lighting Designer and a Videographer.

This doesn't mean I'll take over your event but you can rest assured that the show will be so easy to present and so completely focused on the audiences overall entertainment experience as well as your piece of mind over a job well done, it will look like magic!

In fact, I'm so OCD that I insist it be spelled, CDO, because then it's in alphabetical order!

"The meeting was different, very different! In less than thirty seconds, you had them, and it just got better from there. One of the managers present wrote a note to the president of the company telling him it was one of the **best supplier sales meeting** he had ever attended and that it was your performance that made the difference!"

"Dear Peter, Once again it was a pleasure working with you. You made me feel comfortable and confident that everything was running smooth, both at the annual Fair and the Volunteer banquet. It is no easy task entertaining such a wide range of people, but you always do it with such ease and professionalism. It's **a pleasure watching you perform**. You kept them entertained, captivated & inquisitive all at the same time."

"I just wanted to let you know that our staff thoroughly enjoyed your show. They felt it was **our best Christmas Party** and after 20 years in business and 20 Christmas Parties I think that says it all. Thanks again for a great evening and making our party such a success."

"It was an absolute pleasure working with you during our Omingmak Frolics in Cambridge Bay. Our festival was thoroughly enriched by your performances and workshops. The community absolutely loved you and three weeks later I am still receiving comments about your shows. It is your **professionalism** that stands out for me. From being **flexible, friendly, funny**, and most importantly understanding due to the remoteness of our community, you were willing to go **above and beyond** to do whatever it took to make sure we were happy and had **a great time!** Some of the comments I received are: **"Wow!" "Impressive" "Where did you find this guy? He was the perfect choice!"** Without a doubt, you helped make the Omingmak Frolics memorable. I'd strongly encourage any event coordinators to **book you now** before it is too late and I know that they'll be as impressed as I was. I can't wait until next time!

"Thank you for performing at our recent event. You were excellent and really know how to work the crowd. It must be difficult when the crowd is not sitting down but you really were able to mingle and perform at the same time. Kudos to you! I heard laughter and oohs and awes of amazement so it was **definitely a success** to have you at the event to add to the atmosphere!"

"The Mt. Brydges Lions Club had Peter Mennie come to one of our dinner meetings and he gave a **truly awesome show**. He was **funny** & his magic act was **truly spectacular**. The show was so good that our club hired Peter to do the entertainment at our most profitable fund raiser because we knew that 450 men and women would be entertained like we were on that memorable night. To anyone interested in a show that will make you laugh and wonder how he does those magic tricks, either buy tickets to his show or better yet, hire him yourself for a private event or a fundraiser!"

"Hello Peter. Thanks again for providing a fantastic evening of laughs, illusions and interaction for our Motive Power Professional Development Conference. Your routine was just what the masses needed to wind down after a busy day of workshops & networking. Your ability to read our diverse audience and interact with us as you rolled out your jokes, shuffled your cards and cut up your ropes was superb. Well done! The feedback I received from co-workers and guests alike was nothing but positive."
