HELLO! IT'S GREAT TO E-MEET YOU!

Thank you for taking the time to read through this press kit to get a better idea of how I can help make your next afternoon or evening event even better! I understand how important it is to make sure you get a performer who can really **connect** with and **impress** your senior audience. Having made a career for over forty years performing for all ages around the world, I can confidently say that my Retirement Residence and LTC clients benefit from having my show at their home in the following ways:

#1 It's Memorable - The **HOUSE PARTY Show** includes several routines that are not performed by any other magician in the country. Plus, I am one of **only a handful** who has a show that is **specifically written for seniors**. Why not give them that kind of a lasting memory?

#2 It's Fun - There are many different kinds of entertainment that you could spend your limited budget dollars on: Singers (which is very repetitive and often too loud), Dance Group (which usually takes up too much room and let's face it, is not very personal) or a Keynote (but what topic do you choose?). When it comes right down to it, people really just want to have fun and my show is the perfect blend of comedy, magic, interaction and music so that everyone has a blast, laughs a lot, is amazed and leaves with a smile on their face.

#3 100% Clean Comedy Magic - There is no such thing as 'Entertainment For All Occasions', because you can't succeed if you don't specialize. I **specialize** in 'SFS' (Safe For Seniors) comedy and magic, which means I can entertain men and women of all ages, including co-workers, friends and their families because there has **never been** nor will there **ever be** any off-colour or questionable material in **any** of my shows.

#4 It Engages Them - Magic, by nature, is engaging but that's not enough. Seniors need to be **actively involved** - whether up front with me or from the audience. In this one-hour show, I do three routines by myself. For the rest I call on people in the audience to come up front (or stay where they are) and help create a wonderful, magical experience for their friends in a non-embarrassing way.

#5 All Technical Equipment Is Supplied - To make that everything runs smoothly, I bring everything I need for a successful, fun performance.

I look forward to working **with** you to help make this event a great success!

*"Peter Mennie is a riot with older adults. He smoothly executes magic tricks while sprinkling in humour. This is an entertainer who really connects with the audience and was able to follow public healthy guide lines and provide one spectacular show! **His show is thoroughly enjoyable.**"*

"We were not disappointed. Everyone had a great time. After the party many residents contacted me to thank us for such an entertaining day. They loved your quick wit and great sense of humour, along with the magic tricks you had 'up your sleeve'. There were also lots of conversations around how you did what you did. In the end it didn't matter because you were a big hit and we were so fortunate to find you for our event. You are a wonderful magician and a fantastic entertainer. Thanks again. it was a great time and a fun-filled day."

*"You truly are a magician, not only did you make cards and objects disappear, and reappear, you also made time disappear! (if only you could make it reappear!) Your show was **engaging at every moment** and causes lots of laughter and smiles had by all."*

"The show was a big hit!"

*"Peter entertained our residents the other evening with his many, many tricks! Peter was very engaging with the residents here at Seasons. Many of them joined in with the illusions and are still wondering how he did it!! I even watched a couple trying the tricks the next afternoon during lunch. Peter was very pleasant, patient and made sure his show was **'senior friendly'**. I'm very happy with his performance and would highly recommend his act everyone!"*
